Balmis Institute of Vaccines

Information and registration: www.ibvacunas.com

Organizers:  INSTITUTO
BALMIS
DE VACUNAS  **Colegio Oficial de
Médicos de Almería**

Collaborating organizations:

“

Today, the whole planet's pinning its hopes on immunization. COVID 19 has made Balmis Knows Seminars relevant, indispensable, direct and easier to attend than ever. In order to discover the latest advances and knowledge, relevant panelists and the most advanced and promising projects in real time. Not only of coronavirus but also of all immunization. I invite you to connect with us or as I like to say with life Online.

”

Director: Dr. Francisco Giménez Sánchez
Hispalense Institute of Pediatrics
Balmis Institute of Vaccines

Specialist in Paediatrics. University expert in vaccines and Master's in clinical trial. Founder of the Balmis Institute of vaccines. Dr. Gimenez was an international consultant in WHO / PAHO vaccines. Fellow in epidemiology in the USA (CDC, Atlanta). He was the secretary of the advisory committee on vaccines of the Spanish Association of Paediatrics and President of the Spanish Society of Tropical Medicine and International Health.
